

“U.S. Hands Off Venezuela!”

An Appeal from Trade Unionists

Around the World

www.ushov.org
contact@ushov.org

On May 1, to coincide with the celebration of International Workers' day, the Hands Off Venezuela campaign launched an “Open Letter to US trade unionists”. This was in reaction to the belligerent statements and attacks on President Chavez on the part of the representatives of the U.S. government.

The response to the appeal has been a great success. More than 1,000 trade unionists have so far signed the Open Letter, coming from a wide range of countries, from Argentina to Canada; Mexico to Sweden; Israel to Pakistan. Signatories come from more than 20 different countries, including more than 300 signatures from members of all major unions in Britain, including General Secretaries Jeremy Dear from the National Union of Journalists, Matt Wrack from the Fire Brigades Union, and Derek Simpson from the 1.2 million-strong AMICUS union. From Bolivia, Jaime Solares, the secretary of the Bolivian trade union federation COB, and Miguel Zubieta, secretary of the Miners' Union FSTMB have both signed the letter.

These will now be handed in at the AFL-CIO convention in Chicago. We appeal to supporters in the U.S. trade union movement to print them out and distribute them, and to spread awareness about events in Venezuela. Bring copies of the trade union petition to your union local, collect signatures, and build support for the HOV campaign.

The U.S. Hands Off Venezuela Campaign opposes all forms of intervention by the U.S. government and its agencies in Venezuela and works to: Educate and raise awareness about events in Venezuela in order to counter the bias of the mainstream media; Build solidarity between American and Venezuelan trade unionists and working people in general. Please sign the petition and contact us to get involved with the HOV Campaign.
